

# Do you have prostate cancer? Are you on active surveillance? An elevated PSA?

There is now a way to reduce unnecessary repeat biopsies.  
There is now a non-invasive treatment option.

JOIN US FOR A

PROSTATE HEALTH INFORMATION SEMINAR

Featuring Prostate Cancer Screening  
and HIFU (*pronounced high-foo*)

Wednesday, June 21, 2017  
6:30 PM

Residence Inn Cypress/ Los Alamitos  
4931 Katella Avenue  
Los Alamitos, CA 90720

Join **Dr. Robert Pugach** to learn about the importance of early prostate cancer screening and how ConfirmMDx for Prostate Cancer testing solution addresses false-negative biopsy concerns. He will also be discussing how *Sonablate*® HIFU can treat prostate cancer with lower risk of side effects such as impotence and incontinence.

Radiation Free – Quick Recovery – No Chemotherapy – No Surgery
